noraplan convia

nora[®]
by Interface[®]

The simple, smart flooring solution

Whether in a school, clinic, public building or spaces in between, you need versatile floor coverings that function perfectly. And you need it at an attainable price.

noraplan convia™ is a smart solution for a variety of applications. It features a streamlined design in a multi-purpose palette and gives you the proven properties of nora® floor coverings - all at our best value.

Floor coverings that make everything simpler

The smart solution for purposeful design

With crisp color and a versatile look, noraplan convia is an easy tool for design challenges. Use its curated palette of popular colors to subtly define space or boldly express school pride. Its granules add a touch of neutral sophistication while concealing dirt, so your floor looks fresh, even between cleanings.

The smart solution for your budget

noraplan convia offers you an attractive, affordable floor covering without sacrificing any noraplan performance. We've innovated our processes and curated a palette to make sure you have the freedom to install high-quality rubber flooring throughout your building.

The smart solution for functionality

Like all nora floor coverings, noraplan convia is designed to the highest standards of quality, durability and service. It adds comfort underfoot, contains no PVC or phthalate plasticizers, and is slip resistant. With its dense, non-porous surface, routine cleanings need little more than water and long-term maintenance keeps it lasting for decades.

nora floor coverings are CO₂ neutral over the entire product life cycle through Interface's Carbon Neutral Floors program. We are continuously working on further reducing CO₂ emissions within the value chain through various measures. Remaining CO₂ emissions are offset by the acquisition of certificates relating to audited emission reduction projects.

Colors for everyone and everywhere

Rubber sheet and tile flooring with solid base color and contrasting neutral granules for a dirt concealing design. Available in a smooth surface and suitable for use in heavy traffic areas.

Why nora® rubber flooring?

Reduced Maintenance
Little more than water needed - no finishes, coatings or harsh chemicals necessary.

Quiet Acoustical Performance
Attenuate noise pollution.

Durable Surface
Withstand extreme stress from heavy rolling loads and wheeled traffic.

Ergonomic Design
Add comfort underfoot, reducing foot and leg pain.

Superior Slip Resistance
Help to create safer spaces.

Supports Infection Control
Disinfect completely due to a dense, non-porous surface.

Cradle to Cradle Certified® Silver
Certification of whether a product is safe, circular and responsibly made.

Carbon Neutral Floors™
Third party verified carbon neutral throughout its entire life cycle as part of Interface's Carbon Neutral Floors program. Learn more at interface.com/carbonneutral

GREENGUARD Gold
Certified low VOC emissions.

Integrated system

nora and Interface cover every area of your building – all from a single source. Create harmonious, space-specific design with our system of soft and resilient floor coverings, including special floorings, stair treads and accessories.

Outstanding service

From design to post-installation, we have the experts to support your project at every step and can even be a valued resource for your organization's sustainability mission.

For additional information regarding usage in recommended applications, contact us or visit nora.com.
