

norament[®] xp[™]

norament xp works hard. Heavy rolling. Harsh chemicals. Constant impacts. It shrugs at every test, and toughs it out in the world's most demanding environments. Forget compromises. Extreme durability meets advanced slip, chemical and stain resistance.

For maximum durability in the face of constant impacts, there's xp hammered surface. For areas that are often wet, xp cubic surface enhances slip resistance and helps to reduce instances of slips and falls. Both reduce unwanted noise and improve comfort. Flash cove or pair them with nora[®] sanitary base. Add weld and you've got an all-in-one hygiene.
